

COVID-19 Prevention Strategies

If a student has symptoms of COVID-19:

1 Major: cough, shortness of breath, or new loss of taste or smell

2 Minors: fatigue, fever/chills, muscle/body aches, sore throat, runny or stuffy nose, headache, nausea/vomiting, diarrhea

Location	Testing	Isolation	Documentation to Return
At home - stay home	Sign up at a local pharmacy or your medical provider	Remain home until test results are received or the 6th day since symptom onset if symptoms are improving and you are 24 hrs fever free without fever reducing medication	Negative PCR or 5 full days since symptom onset if symptoms are improving, and you are 24 hrs fever free without medication. <i>*A negative antigen test from a designated test site may be accepted if PCR cannot be obtained and symptoms are resolved.</i>
At school - will be sent home	Sign up at a local pharmacy or your medical provider	Remain home until test results are received or the 6th day since symptom onset if symptoms are improving and you are 24 hrs fever free without fever reducing medication	Negative PCR or 5 full days since symptom onset if symptoms are improving, and you are 24 hrs fever free without medication <i>*A negative antigen test from a designated test site may be accepted if PCR cannot be obtained and symptoms are resolved.</i>

If a student **tests positive** for COVID-19: Please submit test results to the school Administrative Director. Rapid antigen, including home test, and PCR are both accepted. If a **home test** is used, provide a photo or scan of the test with **student name, DOB and date of home test**.

Isolation	Documentation to Submit
<p>Isolate for <u>5 days</u> since positive test result or symptom onset (whichever came first)</p> <p>Return on <u>day 6</u> as long as symptoms are improving and individual is 24 hrs fever free without the use of fever reducing medication; Wear a well-fitting mask for the following five days and in accordance with state or CDC guidance</p>	Initial positive test

Students identified as a close contact:

Please note the testing requirement to end quarantine has been eliminated, but a recommendation to test on day 5 after exposure remains.

An individual is considered up to date with COVID-19 vaccination if they are

- Age 18 or older and have received all recommended vaccine doses;
- Age 5 to 17 and have completed a primary series; or
- People ages 5 and older who are moderately or severely immunocompromised and have received an additional dose as part of the primary vaccine series.

Vaccination Status	Location	Quarantine
<u>Up to date</u> with vaccination / Covid Recovered in the past 90 days with documentation of initial test result	Household Contact	Exempt, monitor for symptoms for 10 days and wear a well-fitting mask, isolate and test should symptoms develop.
<u>Unvaccinated/Not up to date</u> with COVID-19 vaccination	Household Contact	Quarantine for the positive person's isolation and then the student's own 5-day quarantine (usually return on day 11); It may be reduced if it is possible to fully isolate
<u>Up to date</u> with vaccination/ Covid Recovered in the past 90 days with documentation of initial test result	In School or Non-Household Close Contact	Exempt, monitor for symptoms for 10 days, wear a well-fitting mask; Isolate and test should symptoms develop
<u>Unvaccinated/Not up to date</u> with COVID-19 vaccination	In School or Non-Household Close Contact	<p align="center"><u>Monitor to Stay Program</u></p> <p>Monitor to Stay is a modified quarantine strategy for students and staff who are unvaccinated/not up-to-date with vaccination and have been exposed to someone with COVID-19 <u>outside their household.</u></p> <p>Students and staff may attend school and participate in school-related extracurricular activities in person during their 5-day quarantine period if they</p> <ul style="list-style-type: none"> • Don't have symptoms; • Screen for all symptoms of COVID-19 daily and attest that they're asymptomatic (using the school's protocol); and • Quarantine at home when they're not at school and school-related extracurricular activities.

		<p>If students or staff have/develop any one symptom of COVID-19, they aren't eligible for the Monitor to Stay quarantine program and must stay home, isolate, and get tested.</p> <ul style="list-style-type: none">• Once their symptoms are resolving and they've been fever-free for 24 hours, they can resume Monitor to Stay /return to school with a negative PCR test result. <p>If students are unable to wear a well-fitting mask regardless of reason, they must quarantine for 10 days.</p>
