

Coastal Waters Chartered Public School

Disclosure of Service Availability

Coastal Waters Chartered Public School was founded with one purpose - to build a space for all students to grow, learn, and create in community. We envision a community supported by individual lifelong learners whose joy, compassion, and respect for each other and the greater community contributes to ethical individual, local, and global action. Coastal Waters Chartered Public School will provide a rich and diverse learning environment which helps students learn, develop and grow.

This includes students who require additional considerations within their educational programming. When a student has an individualized education plan? Independent Education Plan (IEP), that document follows them from school to school. If a student has an IEP, the resident school district retains responsibility for oversight and provision of all services. The charter school will implement the accommodations of the IEP and work with your resident School District to implement services as identified in the document.

Things to consider when enrolling in CWCPs:

1. Enrolling in a charter school is a choice.
2. CWCPs has extremely limited special education resources.
3. The resident school district retains responsibility for oversight and provision of any services, including:
 - a. Organizing and conducting IEP team Meetings, Evaluations, Testing, Documentation, etc.
 - b. Paraprofessional Support
 - c. Specialized Instruction
 - d. Related Services (Occupational therapy, Speech, BCBA, etc.)
4. CWCPs will work with the LEA of the resident school district to contract the services outlined in the IEP given the availability of providers from the resident school district.
5. The parent retains all rights as outlined in the NH Procedural Safeguards pertaining to the IEP and due process.
